

Monument Services

At **Nelson Monuments** we are constantly applying value added services, totally satisfying our customers needs. We know that the quality we put into every memorial and monument is reinforced by the extras that mean so much. *Here are just a few of the services we offer:*

- Over time monuments may require periodic maintenance. Nelson will bring back their shimmering luster. We will also repaint where needed in order to ensure the lettering remains crisp, clean and legible.
- After a while, the ground under your monument may settle. Our services include straightening, levelling and securing your monument to keep its beauty and dignity under the harshest weather conditions. This would include putting foundations under the monuments base.
- If you would like to have dates and/or small designs applied to your existing monument we are more than equipped to make that happen, at your convenience.
- Nelson is proud of its outstanding professionalism. Our courteous staff is ready to stand and serve our customers with the utmost integrity and loyalty that we believe they deserve.

See your local agent for a quote on our available services.

Nelson - More Than Just Monuments
